Review of bull bars for motor vehicle over 3.5 tonnes according to directive No. 92/114/EEC and ECE Regulation No. 61

(15 appendices)

Summary

According to our review of Trux AB's bull bars type A and B for mounting on motor vehicles with weight over 3.5 tonnes do not diverge from the requirements in directive No. 92/114/EEC and ECE Regulation No. 61.

1 Assignment

Review of bull bars to motor vehicle class M₂ and M₃ (passenger vehicle over 3.5 tonnes) and N₂ and N₃ (truck over 3.5 tonnes) according to directive No. 92/114/EEC and ECE Regulation No. R61. This document is an extension of the previously issued report named P604000B_rev 12. The lists of article numbers (Appendices 6,7) have been adjusted with new part number A16-5, A62-2, B16-5 and B62-2. The respective mounting instructions were added (Appendices 12-15). According to the client, no changes have been made to the geometry of the products or their relationship to the vehicle.

2 Product

Trux bull bars are intended for mounting on motor vehicle with weight over 3.5 tonnes. The bull bars are categorised in A1-1 to A99-9, Highway and B1-1 to B99-9, Offroad. The difference between the products is that Highway has both upper and lower frame, while Offroad has only an upper frame. Both types of products are manufactured in aluminium tubes.

Examples of bull bars from the smallest to the largest are presented in drawings A45-242 and A91-142 for Highway, and drawings B4-142 and B91-142 for Offroad. The drawings are attached in appendices 1-4 together with a description of article numbers in appendix 5.

A list of valid products for this assessment is attached in appendices 6 – 7 .

3 Method

Review of the geometry and radius of the products has been performed according to the following table.

Directive/Regulation	Section
Directive 92/114/EC	3 – General requirements 4.5 – Protective devices (bumpers)
ECE Regulation 61	5 – General specifications 6.5 – Protective devices (bumpers)

4 Assessment

According to our review the above mentioned types of bull bars for mounting on motor vehicles with weight over 3.5 tonnes do not diverge from the requirements in directive No. 92/114/EEC and ECE Regulation No. 61.

This assessment shall be attached to the client's confirmation that will follow each delivery of the product.

14. Mounting instruction for B16-5 (2 pages)
15. Mounting instruction for B62-2 (2 pages)

Technical drawing of a Trux front grille assembly. The main view shows a front view of the grille with dimensions: total width 2290, mounting bracket width 1000, and total height 2300. The grille is divided into two main sections, 8 and 11, with a central mesh section 9. Dimensions for the mesh sections are 697 and 419. A detail view of the mounting bracket shows a width of 1350 and a height of 137.5. The drawing includes a list of parts and a table of specifications.

Following products are manufactured to fit this truckmodels

Partnumber	Description/Truckmodel
A1-1	Front protection Highway, manufactured to fit Volvo F10/12 ver.1
A1-2	Front protection Highway, manufactured to fit Volvo F10/12/16 ver.2
A1-3	Front protection Highway, manufactured to fit Volvo FL7/10 -93
A1-8	Front protection Highway, manufactured to fit Volvo NL10/12
A11-2	Front protection Highway, manufactured to fit Volvo FH/FM ver.1
A11-3	Front protection Highway, manufactured to fit Volvo FL7/10/12 93-
A14-2	Front protection Highway, manufactured to fit Volvo FH/FM ver.2
A14-3	Front protection Highway, manufactured to fit Volvo FH/FM ver.2002-/Volvo FH (<2009)
A15-1	Front protection Highway, manufactured to fit Volvo Carrus
A16-2	Front protection Highway, manufactured to fit Volvo FH 4 (2013-)
A16-3	Front protection Highway, manufactured to fit Volvo FM 4 2014-
A16-5	Front protection Highway, manufactured to fit Volvo FH 4 Aero
A2-1	Front protection Highway, manufactured to fit Scania R -85 3-serie
A2-2	Front protection Highway, manufactured to fit Scania R 86- 3-serie
A2-3	Front protection Highway, manufactured to fit Scania P 86- 3-serie
A2-6	Front protection Highway, manufactured to fit Scania R Streamline 3-serie
A22-2	Front protection Highway, manufactured to fit Scania R 4-serie
A23-2	Front protection Highway, manufactured to fit Scania R-serie
A23-3	Front protection Highway, manufactured to fit

Appendix 6

	Scania P, G, R-serie
A24-1	Front protection Highway, manufactured to fit Scania S,R (2017-)
A24-2	Front protection Highway, manufactured to fit Scania P, G, R, S (2017-)
A24-3	front protection Highway, manufactured to fit Scania P, G, R, (2017-)
A24-5	Front protection Highway, manufactured to fit Scania P,G (2017-)
A3-1	Front protection Highway, manufactured to fit Sisu SM
A4-1	Front protection Highway, manufactured to fit Mercedes GR ver.1
A4-2	Front protection Highway, manufactured to fit Mercedes S,M,L
A41-1	Front protection Highway, manufactured to fit Mercedes GR ver.2
A44-1	Front protection Highway, manufactured to fit Mercedes Actros MP1 Megaspacer
A44-2	Front protection Highway, manufactured to fit Mercedes Actros MP1
A45-1	Front protection Highway, manufactured to fit Mercedes Actros MP2/MP3 Megaspacer
A45-2	Front protection Highway, manufactured to fit Mercedes Actros MP2/MP3 Megaspacer
A47-1	Front protection Highway, manufactured to fit Mercedes Actros 2012-
A47-2	Front protection Highway, manufactured to fit Mercedes Actros 2012-
A47-3	Front protection Highway, manufactured to fit Mercedes Arocs 2012-
A47-4	Front protection Highway, manufactured to fit Mercedes Arocs 2012-
A5-2	Front protection Highway, manufactured to fit Iveco Euro- Star/Tech
A52-1	Front protection Highway, manufactured to fit Iveco Stralis
A54-1	Front protection Highway, manufactured to fit Iveco S-Way
A6-1	Front protection Highway, manufactured to fit
